**Where the heart
of business beats**

The biggest SME sector event in Europe

Theme of the 13th European Congress
of Small and Medium Enterprises

READY FOR

C H A N G E ?

Every change is a chance

What is the **European** **Congress** of SME?

The European Congress of Small and Medium-sized Enterprises is the largest event for SME companies in Europe. Since 2011, it has been a place to gain new knowledge, exchange ideas, get inspired and establish business relationships.

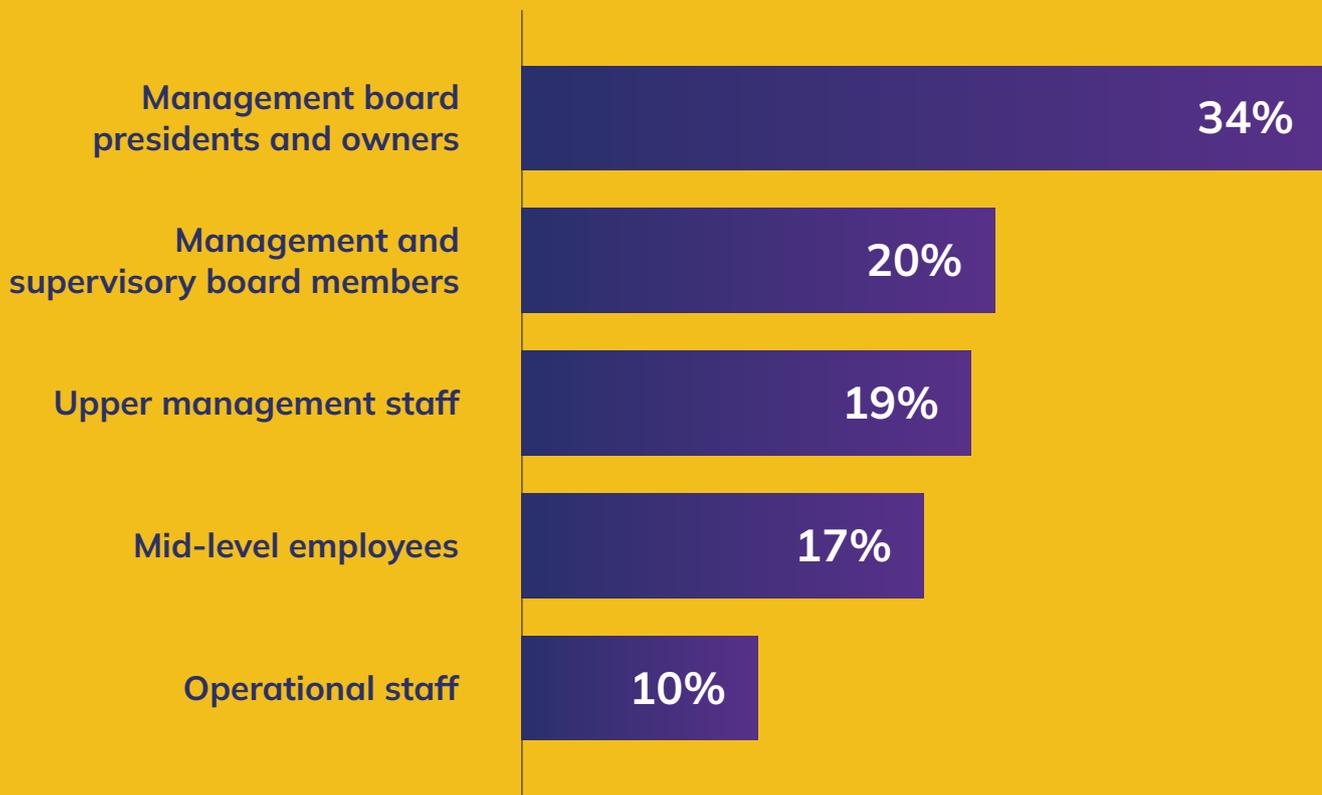

The twelve editions of the Congress to date have been attended by tens of thousands of entrepreneurs and experts from all over the world, as well as numerous representatives from government and local government agencies, business environment institutions, as well as the world of science and culture.

Who is the audience of the **European Congress** of SME?

The Congress is aimed at entrepreneurs representing the SME sector, but also at all companies, organisations, and institutions cooperating with the sector and creating the conditions for its operation and development. For this reason, the participants of the Congress include representatives of the state authorities, headed by the Prime Minister and Government Ministers of the Republic of Poland, Members of the Sejm, Senators of the Republic of Poland, managers of government institutions and agencies, leading representatives of regional authorities, city mayors, the highest authorities of public and non-public universities, business organisations and associations, as well as high-ranking representatives of cultural institutions.

The European institutions are represented by EU Commissioners, representatives of the European Commission, Members of the European Parliament, as well as representatives from the authorities of the main European economic and social organisations.

Why is it **worth**?

The previous edition of the
European SME Congress:

5500

registered
participants

100

panel discussions,
workshops and talks

270

experts
and speakers

25

foreign
delegations

Why is it **worth**?

- We give an opportunity to present **expert knowledge** in various disciplines in front of a wide Congress audience,
- We facilitate **co-creation of projects** carried out during the Congress in cooperation with us as the Organiser,
- Information about your own company and the **offered solutions** may constitute the basis for discussing broader and more universal issues during panels/speeches,
- We help in **establishing relationships** with leading representatives from key business environment institutions, local authorities and universities,
- Participation in **dedicated meetings** for Congress Partners (lunches, banquets, concerts) enables networking and establishing direct relationships with stakeholders of interest,
- We enable participation in **B2B meetings** offline or online with companies from Poland and abroad,
- We work with **start-ups** and young entrepreneurs, as well as with international organisations that associate them.
